ASTIA AVAILABILITY NOTICE

Qualified requestors may obtain copies of this document from ASTIA.

This publication has been cleared for release to the general public. Non-DOD agencies may purchase this publication from the Office of Technical Services, U. S. Department of Commerce, Washington 25, D. C.

# BIBLIOGRAPHY ON PSITTACOSIS

A comprehensive bibliography <sup>on psittacosis which</sup> includes papers published in the 1800's to January, 1950 is presented.

References are grouped under one of the following headings:

- I. General
- II. Clinical Picture; Case Reports
- III. Epidemiology; Statistics; Incidence
- IV. Treatment; Prevention; Control
- V. Etiology; Laboratory Studies
- VI. Experimental Infections; Host Range

References marked with an asterisk (\*) are available in the Camp Detrick Technical Library.

January, 1950

## I. GENERAL
